MGT-404

Sports & Special Events Incident Management

UNH Wildcat Stadium

145 Main Street
Durham NH 03824

Tuesday-Wednesday
May 23 & 24, 2017
8:00am-4:00pm

COURSE DESCRIPTION: This course develops athletic department staffs, facility management personnel, campus public safety personnel, emergency response supervisors, and others involved in sports/special event management to better manage incidents that could occur during an event. The course provides participants the skills necessary to effectively manage an incident by applying and implementing a multi-disciplinary management team approach as described in the National Incident Management System. The course has specific emphasis on the unique aspects of response to an incident occurring during a sports/special event, including considerations for business continuity and after action activities.

COURSE OBJECTIVES: Identify potential risks to sports and special events, as well as develop mitigation strategies that could lessen or alleviate the impact of the risks; Identify event planning considerations, including the importance of the event action plan and the difference between event planning and incident action planning; apply incident management, planning, and recourse management techniques as they relate to an incident that occurs within a special event or in a sports venue within a multi-agency, multidiscipline response scenario; the importance of recovery issues after an incident and partnerships in event/incident demobilization, close out, hot was, and after action review.

TARGET AUDIENCE: Emergency Management, EMS, Fire, Law Enforcement, Fire Service, Public Health, Public Safety Communications, Public Works, Security and Safety, Governmental Administrative
